Motion to accept the February minutes as emailed:

1st: Ted Athanas
2nd: Sheldon Gardner

Motion to accept the Treasurers Report

1st Ted Athanas
2nd Sheldon Gardner

Western Reserve Division
Secretary's report
March 2016

On Friday February 26, 2016 the Western Reserve seminar committee attended a meeting at the Holiday Inn in Independence with Ohio chapter Sec. Lorenzo Adam the hotel staff, and the audiovisual company. This meeting was to solidify last-minute items. Everything is on track and we are well on our way to having one of the best seminars that the Ohio chapter has seen in many a year.

Attendees will be getting a certificate for each class that they attend. Credit hours will be issued for BBS, OCILB, and professional engineer credits. You can come for one day, two days or all three, however you will only receive credits for the classes that you attend. Registration from members is \$125 and \$150 for nonmember's late registration after April 16 will be \$150 for members and \$175 for nonmembers. The registration also includes the Buckeye luncheon as well as the Banquet. The Western Reserve division is going to sponsor envelope stuffer's being a digital multimeter. We are asking anyone in attendance tonight if you could do please donate

something towards these items. If there are any items left over the Western Reserve will take possession and we will have them for our meetings.

We are well on our way to achieving the 30+ exhibitors for the tradeshow. It has been one month since the mailings and we have at least 20 exhibitors signed up already. First Energy along with Ohio Edison, Toledo Edison, and the illuminating Company will join forces and sponsor a table . This would be of interest to contractors who work in multiple utility jurisdictions.

Much interest is being shown by architectural firms, professional engineering firms as well as private companies in joining our tradeshow. We have decided to not put a limit on the exhibitors, were breaking new ground with the hope of rejuvenating the Ohio chapter seminars throughout the state of Ohio.

Terry also suggested that we keep a cash bar open at all times near the exhibitor areas so attendees can walk around in a comfortable manner with their preferred beverage.

The electrical league has approved \$400 sponsorship for a coffee break. NOECA has sponsored several coffee breaks.

Jeff Grassi and his wife Francine have taken on the responsibility of the ladies program. They are in the final steps of finalizing the companion program. Jeff and Francine have put together a fairly nice program that we will be advertising hopefully within the next week or two.

I have been very surprised at the amount of inquiries about the new format.

Overwhelming support and enthusiasm has been expressed by almost everyone inquiring. Our normal May monthly meeting will not be held due to the May seminar. The Western Reserve has been using all of its resources to make sure this seminar and tradeshow will fulfill all of the promises that have been made. Due to the tradeshow been one week before our normal meeting it was decided that we eliminate the May monthly meeting due the tradeshow. That does not mean any Western Reserve member can show up for free and take two credit hours. For one to attend you must go through the normal registration process.

It is asked by anyone to please take forms that are over on the table in the back of the room and hand them out at your supply stores or to anyone else that you can think of we are not limiting the amount of attendees.

*In association with the Electrical League of Ohio
Ohio Chapter IAEI 89th Annual Education Conference and Trade Show*

May 2,3,&4, 2016

*Continuing education credits for
inspectors, contractors,
architects, and professional engineers.*
