Western Reserve Division Secretary's report November 2015

Two weeks ago Joe Cenzori attended the board of building standards code Academy in Columbus Ohio. Steve Rigoli announced that the incidental inspection proposal has been pulled from the table. He said he doesn't see anything happening in the foreseeable future on the subject.

We are well on our way with the May 2016 development seminar in Independence Ohio. The format has changed and a copy was in the Enlightner. As you can see there are more classes and no code panels. Gaylord Poe the Ohio Chapter Educational Chair has this seminar geared for the attendees as well as exhibitors. These changes are being put into place with hopes to regain attendance that has been dwindling for several years. It was determined that the Annual Seminar was chasing away attendees due to the same education format year after year as well as exhibitors comments on attendees not having ample time to visit their tables.
