1st Ted Athanas
2nd Sheldon Gardner

**Western Reserve Division
Secretary's report
November 2015**

Attached to the Enlightner mailing was the 2016 program add the registration and sponsor form. Back on the table their copies for anyone who didn't get one. Please feel free to pass these on to any of your colleagues. This seminar is open to any contractor, electrical inspector, professional engineer, architect, student, and any other person associated with the electrical field.

I just want to remind everyone that we will not be having our annual January luncheon. The swearing-in of officers will be done the second Tuesday of January here at the Miller Road facility. Will be having a normal business meeting and educational program.

All of the Western Reserve Division BBS classes have been approved by the board of building standards for the fiscal year of 2016.

I would personally like to thank Mark ROM and Don Bockrath for all their hard work on putting on the 30 hour course that we are finishing up with. Ten class sessions are extremely time-consuming and I couldn't do the classes without them.

Jerry Gerber is hard at work making sure the 2016 development seminar and tradeshow is on track. We have a lot to do and we are working on a committee for the ladies program. We are waiting for Patrick Barnes to decide on stepping up as the chairman of this committee. I hope within the next two weeks he is able to fulfill this task.

Shelley Gardner is also hard at work trying to raise funds for the banquet and other sponsorships.

I asked all the contractor members and the inspector members to take the registration and sponsor forms and try to solicit donations from your supply houses, customers, or anyone else that you can think of. The more sponsors we get will make this seminar a great success.

The executive board of the Western Reserve Division would like to wish all of you a safe and happy holidays.
