2nd Sheldon Gardner

Secretaries Report

April 2014

I would like to thank Chris Dirol and the folks from Eaton Corporation for their hospitality tonight. It's been a few years since we've been here, and it will be interesting to hear of their new products.

Don't forget next month will be Steve Regoli from the Ohio Board of Building Standards. Steve will be teaching chapter 1 of the Ohio Building Code. For the members that hold only ESI certification's and have never had a chapter 1 class I would suggest that you not miss this one. On the homepage of the website, and it has it has been there for several years and also has been updated is a copy of chapter 1 of the Ohio residential code

chapter 1 and the Ohio building code chapter 1. All you have to do is click on it is a PDF file and you will be able to print out. I would suggest you to do this so you can highlight and writing footnotes throughout Steve's presentation.

I got an e-mail from Lorenzo Adam from the Ohio chapter and as expected, they have extended the scholarship application deadline to May 1, 2012.

Don Bockrath has a few copies of the scholarship information and the scholarship application. Please try to take advantage of this opportunity if you are a paid up member and you have a graduating senior in high school who is your son or daughter, your grandchild, or your legal Ward.

I will be submitting shortly to the Board of Building Standards 2014 NEC courses. I have the three-hour, 20 hour, and meeting education completed. I'm going to have to purchase the PDF file of the 2014 NEC and get working on the 30 hour 2014 class. This usually takes me three months to put together, and from the feedback that we have been getting I am going to stay with the same format.

Jerry Gerber, Alan Morinec, and I have been networking to assure the second half of this year will have more superior educational topics.
