2nd Sheldon

Secretaries Report

As some of you know we lost a Dear Friend and colleague last week Dick Straka. Dick has been a back bone of our organization (mostly behind the scenes) for many years. He was a past President and an executive board member till his death last week. Dick has been a major voice in our decision makings for many years bringing great wisdom and common sense to the table.

Dick was an Employee at First Energy for over 40 years. Words cannot express the loss to everyone who new Dick Jerry Gerber asked to have a moment of silence in Dick's memory.

On October 22 and November 7 the Electrical League of Ohio will be putting on five hour classes; they will have 2014 codebooks for sale. As some of you know the retail price of the codebooks for this cycle are \$95. I was able to secure 20 codebooks at the electrical league's costs of \$71.60. These are available only to our active members at this cost. Again there are only 20 codebooks that are available to us at this cost.

For those who want a codebook; get your name with a check or cash to Mark ROM.
It will be first come.

On October 22 and November 7th, I will be one of the instructors again for this cycle with John Labriolla and Tim Poole. it is important to have a strong relationship with the Electrical League. In the past Jack Bene' and George Foster represented the Western

Reserve as instructors for the electrical league of Ohio, and I will continue the tradition as long as I'm able.

On October 17, 2013 Thursday night at 6:30 PM I'll be representing the Western Reserve Division at the north-central Ohio building officials Association, presenting a three-hour 2011 NEC article 250 class. This Class is targeting the Architect, Engineers, Plan Examiners as well as Inspectors. The class will be held at De Lucas place in the park Lorain Ohio. Cost is \$15 for members and \$25 for nonmembers.
