Motion to accept the February minutes as emailed:

1st: Ted Athanas

2nd: Sheldon Gardner

Motion to accept the Treasurers Report

1st Ted Athanas

2nd Sheldon Gardner

Secretaries Report

I got a call from Terry Hanna Whene from the electrical league for putting on changes for the 2017 national electrical code. Usually the electrical league puts the seminar on in November however the going to put it on this code cycle in February 2017. It will be one class. Cleveland and will be a second class in Cuyahoga Falls. When there is more information I will pass it along.

It's extremely critical that our educational committee get moving immediately for having code classes by the end of the year. We need to get flyers made and decide which classes to put on.

The Ohio chapter is having their October meeting Friday of this week, and all have information next month to report.

On Wednesday, October 5, 2016 I put on a three-hour seminar for the Akron FPOA. This organization is a sister organization of our BOCONEO and NCOBOA. They are looking at offering more electrical classes because the

Akron chapter of the IAEI does not offer credits for all their meetings. They see an opportunity to increase their membership by offering electrical courses from time to time. BOCONEO offers one credit hour at every meeting for their electrical Roundtable. This took away membership from us. The OBOA organization is expanding by offering a large variety of education at their seminars. Their yearly seminar is 100% based on individual classes throughout the 2 ½ days of their event. The only time the membership as a whole gets together is at the evening banquet.

New Business

None

Good of the Order

Bill Brenza passed around a card for Tom Moore who is going through treatments for leukemia. Best wishes for Tom and his family.

Old Business

None

Education for this Meeting

I would like to thank CEI Metering Supervisor

Tim Riedhaler

For presenting the course on “Metering Fundamentals & Tampering”. I got numerous emails praising Tim’s experience and knowledge, and forgiving a very informative presentation. Tim was a field meterman at CEI and is currently a meter supervisor at CEI focusing on employee field training.

Meeting Adjourned at 9:00 PM
